WELCOME

Thank you for your interest and welcome to the trusted products and services we deliver. We look forward to working with you to provide quality products for your industry

OUR GUARANTEE

Our insistence on excellent business practice is proved by our attention to detail. Whether it be in systems, components, friendly and helpful service, quality workmanship or timely deliveries, we deliberately strive to provide guaranteed trouble free products and services that can be repeatedly relied on. With confidence therefore, we cover all Rotoplas Materials Handling products with a 12 month warranty for your peace of mind.

POLYETHYLENE ADVANTAGE

Rotoplas products are manufactured from high quality polyethylene. Our products are strong, lightweight, easy-clean, rust free, and exceptionally durable.

PRODUCT SPECIFICATIONS & SIZES

All specifications are subject to change without notice, in line with ongoing improvements. All sizes, measurements and capacities throughout this brochure are approximate due to the variable shrinkage of polyethylene during manufacture. All measurements are in millimetres.

COLOURS

Due to production methods, all colours are intended as a guide only. Rotoplas P/L accepts no responsibility for shade variations due to the printing process and supplier tolerances.

DISCLAIMER

All recommendations in this catalogue are general in nature and are intended as a guide only. Customers must make their own investigations as to whether any Rotoplas product is suitable for their specific needs. All goods are sold under Rotoplas' standard Terms and Conditions.

SURESTEP™ SAFETY STEPS

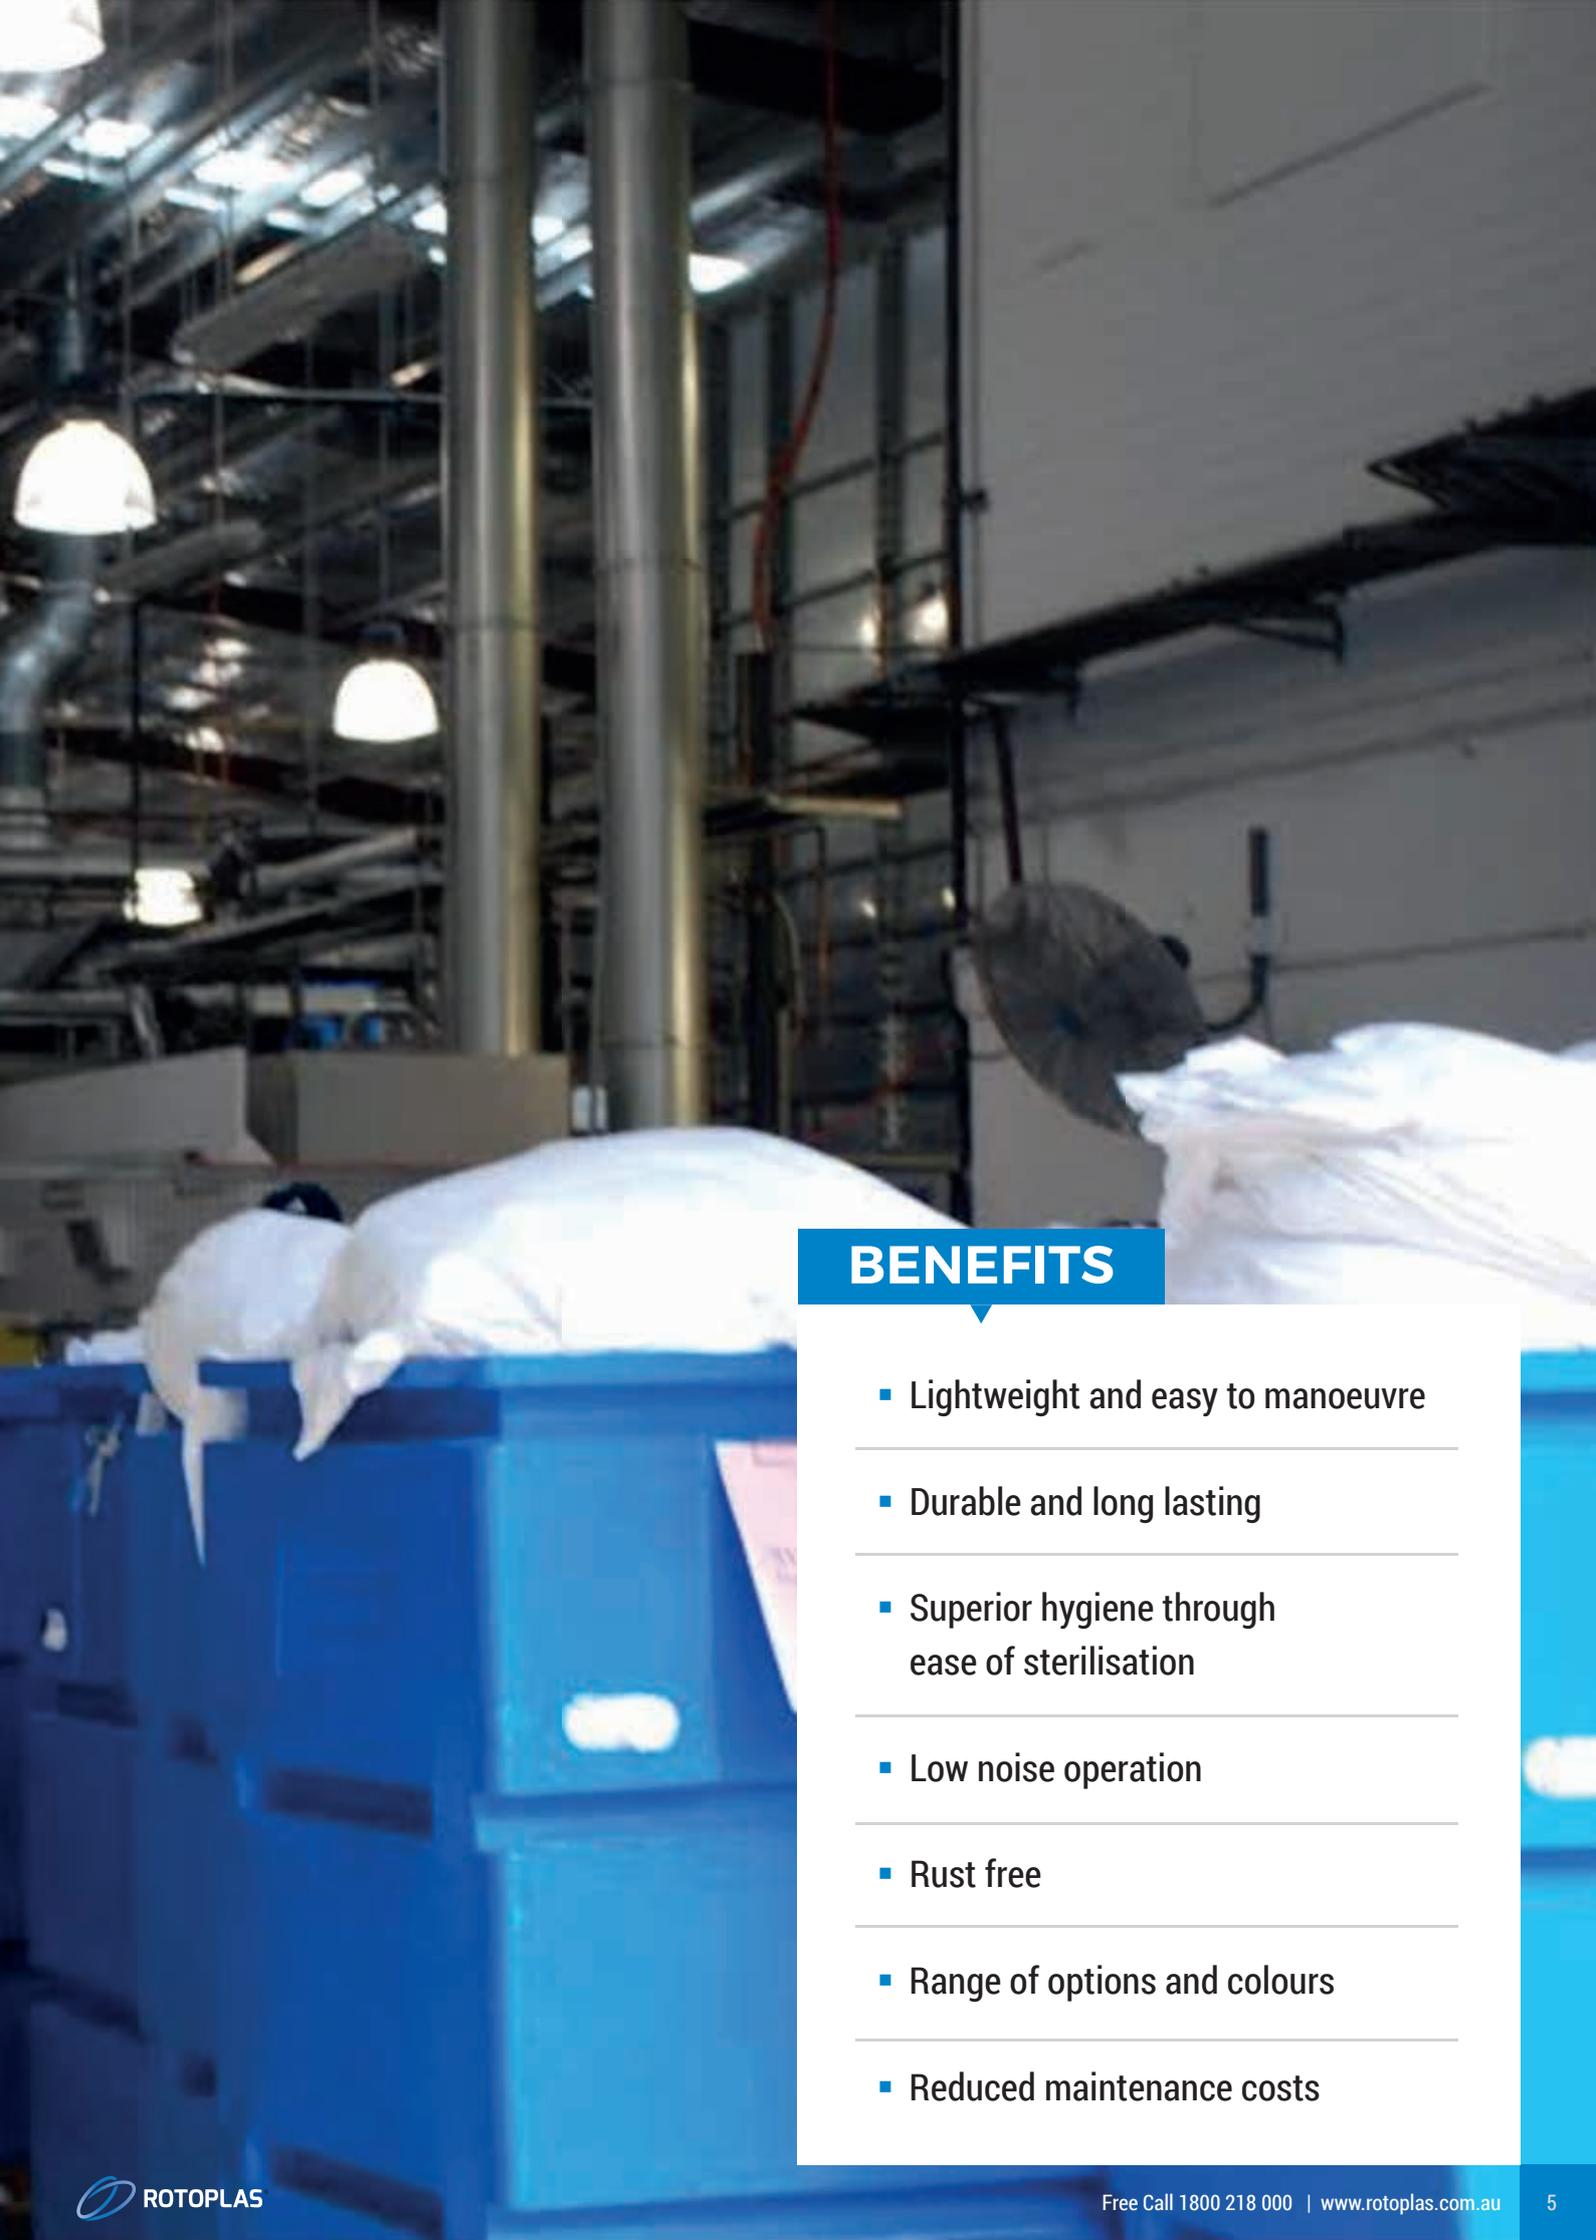

TALLBOY LINEN EXCHANGE TROLLEYS

Leaders in Tallboy Linen Exchange Trolleys, Nationally.

Innovative design for Linen Exchange at Hospitals, Retirement Villages, Aged Care Centres, Resorts, Motels and other Facilities.

Many customers including Private and Public Linen Service Companies, and Government Departments are proving the benefits of the expanding Rotoplas Tallboy Linen Exchange Trolley range over existing wire mesh designs:

A photograph of a factory floor. In the foreground, there are several blue plastic bins. On top of the bins, there are large white bags or sacks. The background shows industrial equipment, including pipes, scaffolding, and overhead lights. The lighting is bright, and the overall scene is industrial.

BENEFITS

- Lightweight and easy to manoeuvre
- Durable and long lasting
- Superior hygiene through ease of sterilisation
- Low noise operation
- Rust free
- Range of options and colours
- Reduced maintenance costs

TALLBOY LINEN EXCHANGE TROLLEY

1

Tallboy Linen Exchange Trolley (TLET1) Yellow with Bin Fronts

Tallboy Linen Exchange Trolley (TLET1) Magenta with Shelves for Clean Linen

Tallboy Linen Exchange Trolley (TLET1) Dark Blue with PVC Cover
